Who we are?

Founded in the year 1988, CADD Centre has grown today as Asia's biggest network of skill training provider in Computer Aided Design (CAD), Computer Aided Engineering (CAE), and Project Management.

We host a wide array of courses, certifications, placement assistance and career planning tools to help students get the most from their education.

Who we are?

CADD Centre is a global conglomerate in skill training for jobs and careers in engineering, management, arts and science.

32-year-old CADD Centre Group with headquarters in Chennai, is the only franchise-driven network in the world to offer courses in a set of diversified skills involved in the end-to-end product development lifecycle - from design, modeling, analysis, project management, and to digital marketing, even for old, established industries, and emerging new economy

Who we are?

CADD Centre develops training courses in partnership with skill development agencies from the government, tech companies, and experts from the industry. The uniqueness of its courses are that they are in demand and make students immediately employable.

Who we are?

- **1000 + Centres / 30+ Countries**
- **One of World's Fastest Growing Network of Skill Training Centres**
- **Endless innovation in courses**
- **Equipping students for industry 4.0**

Vision

- To narrow down the gap between the demand and supply of skilled manpower.

Mission

- To deliver an innovative, need and value driven training program so as to turn an individual into an employable skilled manpower.
- To create as many possible employment opportunities for trained individuals

What we do?

■ Skill Driven..... Job Led

World Class Training.....World Over

What we do?

- We enlist most sought-after courses for everyone – designer, drafter, administrator, or a programmer.
- We help students add value to their career with globally recognized training and certifications.
- We provide experienced and professionally qualified tutors creating an excellent learning environment.

What we do?

- We engage in industry-institute partnerships initiatives that keep the students updated with technology.
- We conduct timely seminars/workshops aligned with the professional disciplines to enhance skills of the candidates.
- Placement assistance.
